EDUCATION

2023 – 2027

BSc in Software Engineering

Shahjalal University of Science and
Technology (SUST)

SKILLS

C

Java

HTML / CSS

JavaScript

SOFT SKILLS

- Problem-solving
- Quick learner
- Teamwork
- Time management
- Communication

INTERESTS

- Software Development
- Artificial Intelligence
- Learning New Technologies
- Building Mini Projects

LANGUAGE

Bengali – Native
English – Fluent

ABOUT ME

Motivated Software Engineering undergraduate passionate about software development,
problem-solving, and learning new technologies.

EXPERIENCE

2024–Present — **Academic & Self-Learning Projects**

Worked on multiple university and personal projects. Practiced
programming, debugging, and version control using GitHub.

PROJECT EXPERIENCE

2024 — **Snake Game**

Created a classic Snake game with score tracking and collision detection
using SDL2 and C++. Implemented smooth controls and game logic for an
interactive user experience.

2025 — **Java-based Pac-Man Game**

Developed a Pac-Man game using Java with ghost AI and power pellet
features.

2025 — **One-to-One Chat Application**

Built a real-time chat application using HTML, CSS, JavaScript, and
WebSocket.

2025 — **BookBuddies – Book Sharing Platform**

Developed a web-based book sharing platform where users can browse,
upload, and exchange books. Built using HTML, CSS, JavaScript, and basic
backend integration.
